Explore the Wrecks of Key Largo

Quality Divers from Quality Education

Join Jon and Tanya in Key Largo for **four days** of wreck diving adventures this January. We're diving with our favorite dive operation, **Horizon Divers**, and staying just minutes away at the **Bayside Inn**.

Just come diving, or take a **Wreck Diver** or **Deep Diver** specialty course while we're there. You may want to pick up your **Nitrox** certification before heading down so you can get the most out of all of your dives.

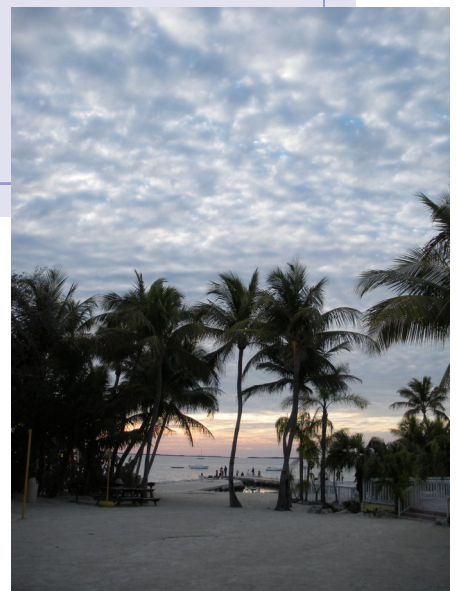

Divers should have their Advanced Open Water certification since dives will be over 60 feet deep. If you are not yet Advanced certified, we can get your course started.

If you are interested in doing some technical dive training, we are also offering Advanced Nitrox, Decompression Procedures, and Trimix courses. Inquire for course logistics and prices.

\$750

Price is based on double occupancy and includes:

- 4 two-tank dives on the best Key Largo wrecks
- Tanks and weights
- 5 nights accommodation
- Single supplement: \$400
- Non-diver rate: \$475
- All rates includes taxes
